About ANDP, Neighbors Together, and NeighborWorks Week

A chartered member of the NeighborWorks America Network, ANDP develops, finances, and advocates for affordable housing at scale that promotes racial equity and healthy communities where families thrive. Inspired by NeighborWorks America's National Community Leadership Institute, Neighbors Together was created to provide training and leadership development with the goal of arming residents with the information and tools needed to strengthen communities from the inside out. Learn more at www.andpi.org/nt. Since its inception in 1983, NeighborWorks Week is an annual week of service that showcases how, together with residents, the NeighborWorks network strengthens communities. Held during the first full week in June, NeighborWorks Week also celebrates our collective impact as a network. ANDP is one of 250 Chartered Members of the NeighborWorks Network. People with lower incomes are often uninsured, and minority groups account for over half of the uninsured population. Health equity is the state in which everyone has a fair and just opportunity to attain their highest level of health. Achieving this requires ongoing societal efforts to:

- Address historical and contemporary injustices;
- Overcome economic, social, and other obstacles to health and health care; and
- Eliminate preventable health disparities.

To achieve health equity, we must change the systems and policies that have resulted in the generational injustices that give rise to racial and ethnic health disparities.

As we celebrate NeighborWorks Week 2024, ANDP's community leadership initiative, Neighbors Together, is pleased to join forces with Out of Hand Theater for a special performance from Thriving Together Atlanta.

Thriving Together Atlanta was awarded a \$1 million Bloomberg Philanthropies Public Art Challenge grant and is a collaboration between the City of Atlanta Mayor's Office of Cultural Affairs, the CDC Foundation, National Black Arts Festival, and Out of Hand Theater.
